SPECIFIC PROPOSAL SUBMISSION INSTRUCTIONS

(a) Section I - Solicitation:

(1) Offeror must submit a copy of the certificate signifying that one of its current employees, who is an authorized negotiator for this offer, has completed the "Pathway to Success" training within the past year. "Pathway to Success" training is available through the Vendor Support Center website at <http://vsc.gsa.gov>. Click on the tab "Vendor Training" to access this free, web-based training. The training session is less than two hours total and covers the major factors your organization should consider prior to submitting an offer to GSA.

(2) Your offer must be submitted electronically by e-Offer (<http://eoffer.gsa.gov>). The most recent refresh of this solicitation can be viewed on FedBizOpps. Submissions of previous versions received more than thirty (30) calendar days after the issuing date of this version will be rejected.

(i) When using the e-Offer system, submitting a signed hard copy of the SF1449 or any other place is NOT necessary due to the digital certificate required to submit an eOffer. Completing an e-Offer through the e-Offer system will constitute a signature wherever a signature is required in this solicitation regardless of whether or not an electronic signature is present on the document requiring a signature. When submitting an e-Offer, the offer must include the SF-1449, the Vendor Response Document, GSA required attachments, and offeror's "optional" attachments (defined as any other information submitted by the offeror, not already a part of the requirements and instructions defined by the Government).

(3) If a consultant is being used during or after award, submit an agent authorization letter. See FedBizOpps for sample Agent Authorization Letter.

(4) Offeror shall provide a complete copy of its current CCR and ORCA which includes applicable NAICS codes for services/products offered.

(5) Offeror shall provide a copy of any cancellation and/or rejection notice(s) your firm has received in the preceding three years from any previous GSA Schedule contracts or proposals.

(6) Offeror shall provide the contract number(s) and price lists of any other GSA Schedule contract(s).

(7) Offeror shall identify any pending offers under other GSA Schedules including the name and phone number of the contract specialist evaluating the offer.

(8) Offeror should not submit clauses Incorporated by Reference (IBR) document, which is the full text of all the clauses incorporated by reference.

(9) Unless otherwise requested, offerors should not submit brochures, newsletters, or other marketing materials.

(10) Provide a copy of offeror's most current, complete, audited (if available) two years of financial statements (at a minimum, balance sheets and income statements). GSA uses balance sheet and income statement information to determine financial responsibility. Note that providing tax returns is not required. Provide an explanation for any negative financial information disclosed, including negative equity or income. You may be required to provide letters of credit or other documentation to demonstrate that adequate financial resources are available.

(11) Small Business Subcontracting Plan, if applicable - The offeror shall prepare and submit a Small Business Subcontracting Plan if, pursuant to the applicable NAICS codes and size standards, it is determined to

be other than a small business concern for purposes of this solicitation. Failure to submit a Small Business Subcontracting Plan when required will result in the return of the proposal without further review. Large businesses, nonprofit organizations and educational institutions are advised of the requirement to submit a Small Business Subcontracting Plan (see Clause 552.219-72, incorporated by reference). The Government will review each plan to assure it is consistent with the provisions of this clause. Subcontracting plans are subject to negotiations along with the terms and conditions of any contract resulting from this solicitation. The offeror's subcontracting plan must be approved by the Contracting Officer prior to award. A sample outline that may be used in preparing a subcontracting plan is attached (ref. FAR 19.702).

(b) Section II - Technical Data: The technical proposal is comprised of five factors - Factor One (Experience Narrative), Factor Two (Quality Control Narrative), Factor Three (Past Performance), Factor Four (Proof of CCR), and Factor Five (Proof of ORCA). All offers shall address these factors as instructed below. If the Offeror is proposing multiple Special Item Numbers (SINs), they shall clearly identify each SIN with the corresponding technical information. Please provide a narrative for each of the following sections to demonstrate your company's capabilities in satisfying ALL underlying requirements listed below.

(1) Factor One - Experience Narrative: Submit a two-page (maximum) narrative describing the company's corporate experience in all services provided under this Schedule, regardless of the number of SINs being offered. Your company must have provided the type of professional services under this schedule to either a Government or Commercial entity for a minimum of two years. At a minimum, your narrative must include the following:

(i) Organization's number of years of corporate experience in the services described in Part I of this solicitation.

(ii) Organization's size, experience in the field, and resources available to enable the offeror to fulfill requirements.

(iii) Brief history of the organization's activities contributing to the development of expertise and capabilities related to this requirement.

(iv) Information that demonstrates the offeror's organizational and accounting controls and manpower presently in-house or the ability to acquire the type and kinds of personnel proposed.

(v) Describe/identify how you intend to market services to federal clients.

(vi) Discuss the use of subcontractors. If applicable, a letter of commitment is required to cover the term of the contract.

(2) Factor Two - Quality Control Narrative: Submit one narrative regardless of the number of SINs offered, not to exceed two (2) pages, addressing each of the following items to demonstrate your firm's capabilities in satisfying ALL underlying requirements listed below.

(i) Describe the internal review procedures which facilitate high quality standards in the organization.

(ii) Identify the individuals who will directly supervise or review projects specifically regarding quality control.

(iii) State whether or not subcontractors are used and, if subcontractors are used, describe the quality control measures the offeror uses to ensure acceptable subcontractor performance.

(iv) Describe how your firm handles potential problem areas and solutions.

(v) Describe the procedures for insuring quality performance while meeting urgent requirements.

(vi) Identify the strategies your firm will implement to manage and complete multiple projects for multiple agencies simultaneously.

(3) Factor Three - Past Performance: The offeror shall order and obtain a Past Performance Evaluation from Open Ratings, Inc. (ORI). Offerors are responsible for payment to ORI for the Past Performance Evaluation.

(i) Past Performance Evaluations are valid for a period of one year from date of issuance by ORI. The submission of an evaluation issued more than one year prior to the date of proposal submission will result in rejection of the proposal.

(ii) The offeror shall submit one (1) copy of the completed Past Performance Evaluation and one (1) copy of the order form (including information on up to 20 customer references) with its proposal. Failure to submit the order form and the completed evaluation with the offer will result in rejection of the proposal. A "customer reference" is defined as a person or company that has purchased services from your firm.

(iii) Offeror is advised to use references from projects involving services related to this solicitation and/or those performed under the appropriate NAICS code(s) related to services offered. If these references were not provided to ORI, please explain why.

(iv) The offeror shall address any negative feedback contained in the ORI report. Explain what actions your firm has taken to minimize the problems that resulted in negative feedback.

(4) Factor Four - Proof of Central Contractor Registration (CCR): The Offeror shall submit proof of registration in the Central Contractor Registration (CCR) database. The web address for CCR is www.ccr.gov.

(5) Factor Five - Proof of Online Representations & Certifications Application (ORCA) Registration: The Offeror shall register in the Online Representations & Certifications Application (ORCA) database. The web address for this application is <http://orca.bpn.gov>.

(c) Section III - Pricing Proposal:

(1) GSA's pricing goal: Obtain equal to or better than the Most Favored Customer (MFC) pricing with the same or similar terms and conditions. The U.S. Government Accountability Office has specifically recommended that "the price analysis GSA does to establish the Government's MAS negotiation objective should start with the best discount given to any of the vendor's customers." GSA seeks to obtain the offeror's best price based on its evaluation of discounts, terms, conditions, and concessions offered to commercial customers. If the MFC is a Federal agency, but sales exist to commercial clients, identify which, if any, of the commercial clients obtain the best price. This will allow the Government to establish a "basis for award" customer in accordance with the Price Reductions Clause 552.238-75, paragraph (a).

(2) Price Proposal: All proposed pricing shall be submitted as FOB Destination. Pricing shall be clearly stated and offerors are encouraged to use the attached Proposal Price List Preparation document. Descriptions shall be submitted with the proposal and shall include at a minimum: Title, Author, Publisher, Publish Date, and ISBN, if applicable.

(3) Pricing Support: Offeror is required to include a 0.75% Industrial Funding Fee (IFF) in the prices submitted with their offer (See contract clause 552.238-74, Industrial Funding Fee and Sales Reporting). The fee will be included in the awarded prices and reflected in the total amount charged to ordering activities.

(i) When pricing is based on a Commercial Price List (CPL), submit two copies of the company's current dated CPL/Standard Rate Sheet (this is a stand-alone document that was not prepared for this solicitation). Submit proposals for the base year only. Pricing based on the CPL are subject to the Economic Price Adjustment Clause at 552.216-70.

OR

(ii) Pricing based on Commercial Market Prices are subject to the Economic Price Adjustment Clause, I-FSS-969. If offering market pricing in accordance with Clause I-FSS-969, the offeror must propose a fixed rate of escalation or identify an economic indicator such as the Bureau of Labor Statistics Employment Cost Index.

(4) The Commercial Sales Practices Format (CSP-I) must be completed in accordance with the Commercial Sales Practices Instructions, demonstrating comparative pricing with your best customer(s). A general explanation of the circumstances and frequency of deviations from your standard commercial practices is required [see Clause 552.212-70, Preparation of Offer (Multiple Awards Schedule)]. A separate CSP-1 must be completed for each pricing structure proposed. Provide a rationale for the estimated GSA contract annual sales (CSP-1, paragraph (2)).

(5) If offering professional services (as defined by 29 CFR 541), offeror MUST submit a Professional Compensation Plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract in accordance with Clause 52.222-46 Evaluation of Compensation for Professional Employees. Individual compensation disclosure is not required. Submission of general compensation practices often printed in an employee handbook is sufficient.

(6) If offering professional or technical services, submit a copy of the offeror's policy that addresses uncompensated overtime in accordance with Clause 52.237-10 Identification of Uncompensated Overtime.

(7) The Offeror shall include a statement certifying compliance with Clause 552.225-5 - Trade Agreements. Products not in compliance with Trade Agreements may not be proposed or sold to the Government under this solicitation.

Part I - GOODS & SERVICES

STATEMENT OF WORK

Objective:

GSA is soliciting Contractors to provide publication media to enable Federal agencies to meet their agency needs. Contractors shall be able to provide publications and other media products to meet an agency's mission, need, or requirement.

Scope:

The Contractor shall be capable of providing products/services for ordering agencies with multiple organizational levels and geographic locations nationwide and/or worldwide. The Contractor shall also be capable of handling multiple purchase orders simultaneously.

Ordering Procedures for Products and Services:

Orders placed against a GSA Multiple Award Schedule (MAS) contract use the procedures under Federal Acquisition Regulation (FAR) 8.4, and are considered to be issued under full and open competition (see FAR 6.102 (d)(3)). Ordering offices do not need to seek further competition, synopsise the requirement, make a separate determination of fair and reasonable pricing, or consider small business programs. By placing an order against a GSA Schedule contract using procedures in this section, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative to meet the government's needs.

IMPORTANT NOTICE

1. This Multiple Award Schedule (MAS) is for publication media that are commercially sold. There are six (6) publication media related Special Item Numbers (SINs). Offerors may submit a proposal on any one or combination of SINs, but each product or service may only be offered under one SIN.
2. The preferred method of purchasing under this solicitation is a fixed price. The fixed price shall be based on the unit price offered in the schedule contract. Further negotiations with the ordering agency are permitted.
3. The Federal Acquisition Regulation (FAR) is frequently referenced in this solicitation; it can be accessed on the internet at www.acquisition.gov.
4. FedBizOpps.gov is the single government point-of-entry for Federal government procurement opportunities. This can be accessed on the internet at www.fbo.gov.
5. Contractor Team Arrangements are encouraged under the Federal Supply Schedules Program. For additional information, see FAR 9.6, "Contractor Team Arrangements" and Clause I-FSS-40. You can also visit our website at <http://www.gsa.gov/cta>.
6. This solicitation is considered a Standing Solicitation, meaning the season is continuously open. Offers may be submitted at any time.
7. The listing of Special Item Numbers (SINs) is found immediately following this section.
8. The Government reserves the right to evaluate proposals and award a contract without discussion. Therefore, the initial proposal should contain the Offeror's best terms from both a price and technical standpoint.
9. Once a contract is awarded under the Federal Acquisition Service Multiple Awards Schedules Program, contractors compete for business and are responsible for marketing to potential Government customers.
10. To assist Offerors in preparation of their proposal, please see attached "Instructions to Offerors."
11. Open Ratings, Inc will assist in the evaluation of Past Performance. The cost of a Past Performance Evaluation report is \$175.00 (at the Offeror's expense), and additional copies can be acquired for \$25.00 per

recipient. All responses to Open Ratings, Inc. are confidential. Requests should be completed online at <http://www.openratings.com/>.

12. Please review the information at the following website for participation in Disaster Recovery Purchasing: <http://www.vsc.fss.gsa.gov/>.

552.211-15 Defense Priorities and Allocations System Requirements (SEP 2004)

(a) *Definitions.*

Approved program means a program determined to be necessary or appropriate for priorities and allocation support to promote the national defense by the Secretary of Defense, the Secretary of Energy, or the Department of Homeland Security Under Secretary for Emergency Preparedness and Response under the authority of the Defense Production Act, the Stafford Act, and Executive Order 12919, or the Selective Service Act and related statutes, and Executive Order 12742. See Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols at <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm>.

Defense Priorities and Allocations System (DPAS) means the regulation published at 15 CFR part 700 that requires preferential treatment for certain contracts and orders placed by a Delegate Agency in

support of an approved program.

Delegate Agency means an agency of the U.S. Government authorized by delegation from the Department of Commerce (DOC) to place priority ratings on contracts or orders needed to support approved programs.

Rated order means, for the purpose of this contract, a delivery or task order issued in accordance with the provisions of the DPAS regulation (15 CFR part 700).

(b) Rated Order Requirement.

From time to time, the Contractor may receive a rated order under this contract from a Delegate Agency. The Contractor must give preferential treatment to rated orders as required by the Defense Priorities and Allocations System (DPAS) regulation (15 CFR part 700). The existence of previously accepted unrated or lower rated orders is not sufficient reason to reject a rated order. Rated orders take preference over all unrated orders as necessary to meet required delivery dates. There are two levels of ratings designated by the symbol of either "DO" or "DX." All "DO" rated orders have equal priority with each other and take preference over unrated orders. All "DX" rated orders have equal priority with each other and take preference over "DO" rated orders and unrated orders. The rating designation is followed by a program identification symbol. Program identification symbols indicate which approved program is supported by the rated order (see Schedule 1 of 15 CFR part 700 for a list of Delegate Agencies, approved programs, and program identification symbols).

(c) Additional information.

Additional information may be obtained at the DOC DPAS website <http://www.bis.doc.gov/DefenseIndustrialBasePrograms/OSIES/DPAS/Default.htm> or by contacting the designated Administrative Contracting Officer.

552.211-78 COMMERCIAL DELIVERY SCHEDULE (MULTIPLE AWARD SCHEDULE) (FEB 1996)

(a) Time of Delivery. The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO) in the case of F.O.B. Destination prices; or to place of shipment in transit in the case of F.O.B. Origin prices, as set forth below. Offerors shall insert in the "Time of Delivery (days ARO)" column in the schedule of Items a definite number of calendar days within which delivery will be made. In no case shall the offered delivery time exceed the Contractor's normal commercial practice. The Government requires the Contractor's normal commercial delivery time, as long as it is less than the "stated" delivery time(s) shown below. If the Offeror does not insert a delivery time in the schedule of items, the Offeror will be deemed to offer delivery in accordance with the Government's stated delivery time, as stated below:

ITEMS OR GROUP OF ITEMS (Special item No. or nomenclature)	GOVERNMENT STATED DELIVERY TIME (Days ARO)	CONTRACTOR'S NORMAL COMMERCIAL DELIVERY TIME
SIN 760-1, SIN 760-2	As Per Delivery Order	_____
SIN 760-3, SIN 760-4	As Per Delivery Order	_____

SIN 760-5, SIN 760-6	As Per Delivery Order	_____
----------------------	-----------------------	-------

(b) Expedited Delivery Times. For those items that can be delivered quicker than the delivery times in paragraph (a), above, the Offeror is requested to insert below, a time (hours/days ARO) that delivery can be made when expedited delivery is requested.

ITEM OR GROUP OF ITEMS (Special Item No. of nomenclature)	Expedited Delivery Time (Hours/Days ARO)
_____	_____
_____	_____
_____	_____

(c) Overnight and 2-Day Delivery Times. Ordering activities may require overnight or 2—day delivery. The Offeror is requested to annotate its price list or by separate attachment identify the items that can be delivered overnight or within 2 days. Contractors offering such delivery services will be required to state in the cover sheet to its FSS price list details concerning this service.

552.238-80 Use of Federal Supply Schedule Contracts by Certain Entities--Recovery Purchasing (FEB 2007)

(a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies "Compliance with laws unique to Government contracts" (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity

(e.g., Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. (a) *General Background.*

On October 8, 2009, a class deviation to FAR Part 51 was granted by GSA's Senior Procurement Executive in accordance with FAR Subpart 1.404, Class deviations. Orders placed using the FAR Part 51 deviation shall be:

Begin Regulation

I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)

(a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating

paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html.

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S.

Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.

(2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.

(3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) GSA Advantage!™.

(1) GSA Advantage!™ will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage!™ enables customers to:

(i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.

(ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Supply Service to contractors, or download files to create their own delivery orders.

(iii) Use the Federal IMPAC VISA.

(2) GSA Advantage!™ may be accessed via the GSA Home Page. The INTERNET address is: <http://www.gsa.gov>, or <http://www.fss.gsa.gov>.

I-FSS-600 CONTRACT PRICE LISTS (JUL 2004)

(a) Electronic Contract Data.

(IC) or use the application made available at the time of award. The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as GSA Advantage!, a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government may be included. If the contractor elects to use contract identifiers on its website (either logos or contact number) the website must clearly distinguish between those items awarded on the contract and any other items offered by the contractor on an open market basis.

(5) The contractor is responsible for keeping all electronic catalog data up to date; e.g., prices, product deletions and replacements, etc.

(b) Federal Supply Schedule Price Lists.

(1) The Contractor must also prepare, print, and distribute a paper Federal Supply Schedule Price List as required by clause 552.238-71, Submission and Distribution of Authorized FSS Schedule Price Lists. This must be done as set forth in this paragraph (b).

(i) Using the commercial catalog, price list, schedule, or other document as accepted by the Government, showing accepted discounts, and obliterating all items, terms, and conditions not accepted by the Government by lining out those items or by a stamp across the face of the item stating "NOT UNDER CONTRACT" or "EXCLUDED"; or

(ii) Composing a price list in which only those items, terms, and conditions accepted by the Government are included, and which contain only net prices, based upon the commercial price list less discounts accepted by the Government. In this instance, the Contractor must show on the cover page the notation "Prices Shown Herein are Net (discount deducted)".

I-FSS-646 BLANKET PURCHASE AGREEMENTS (MAY 2000)

Blanket Purchase Agreements (BPA's) can reduce costs and save time because individual orders and invoices are not required for each procurement but can instead be documented on a consolidated basis. The Contractor agrees to enter into BPA's with ordering activities provided that:

(a) The period of time covered by such agreements shall not exceed the period of the contract including option year period(s);

(b) Orders placed under such agreements shall be issued in accordance with all applicable regulations and the terms and conditions of the contract; and

(c) BPAs may be established to obtain the maximum discount (lowest net price) available in those schedule contracts containing volume or quantity discount arrangements.

**I-FSS-969 ECONOMIC PRICE ADJUSTMENT—FSS MULTIPLE AWARD
SCHEDULE (JAN 2002)**

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

(a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.

(b) There are two types of economic price adjustments (EPAs) possible under the Multiple Award Schedules (MAS) program for contracts not based on commercial catalogs or price lists as described below. Price adjustments may be effective on or after the first 12 months of the contract period on the following basis:

(1) Adjustments based on escalation rates negotiated prior to contract award. Normally, when escalation rates are negotiated, they result in a fixed price for the term of the contract. No separate contract modification will be provided when increases are based on negotiated escalation rates. Price increases will be effective on the 12-month anniversary date of the contract effective date, subject to paragraph (f), below.

(2) Adjustments based on an agreed-upon market indicator prior to award. The market indicator, as used in this clause, means the originally released public index, public survey or other public, based market indicator. The market indicator shall be the originally released index, survey or market indicator, not seasonally adjusted, published by the [to be negotiated], and made available at [to be identified]. Any price adjustment shall be based on the percentage change in the designated (i.e. indicator identification and date) market indicator from the initial award to the latest available as of the anniversary date of the contract effective date, subject to paragraph (e), below. If the market indicator is discontinued or deemed no longer available or reliable by the

Government, the Government and the Contractor will mutually agree to a substitute. The contract modification reflecting the price adjustment will be effective upon approval by the Contracting Officer, subject to paragraph (g), below. The adjusted prices shall apply to orders issued to the Contractor on or after the effective date of the contract modification.

(c) Notwithstanding the two economic price adjustments discussed above, the Government recognizes the potential impact of unforeseeable major changes in market conditions. For those cases where such changes do occur, the contracting officer will review requests to make adjustments, subject to the Government's examination of industry-wide market conditions and the conditions in paragraph (d) and (e), below. If adjustments are accepted, the contract will be modified accordingly. The determination of whether or not extra-ordinary circumstances exist rests with the contracting officer. The determination of an appropriate mechanism of adjustment will be subject to negotiations.

(d) Conditions of Price change requests under paragraphs b(2) and c above.:

(1) No more than three increases will be considered during each succeeding 12-month period of the contract. (For succeeding contract periods of less than 12 months, up to three increases will be considered subject to the other conditions of subparagraph (b)).

(2) Increases are requested before the last 60 days of the contract period, including options.

(3) At least 30 days elapse between requested increases.

(4) In any contract period during which price increases will be considered, the aggregate of the increases during any 12-month period shall not exceed ten percent (10%) of the contract unit price in effect at the end of the preceding 12-month period. The Government reserves the right to raise the ceiling when market conditions during the contract period support such a change.

(e) The following material shall be submitted with request for a price increase under paragraphs b(2) and c above:

(1) A copy of the index, survey or pricing indicator showing the price increase and the effective date.

(2) Commercial Sales Practice format, per contract clause 52.215-21 Alternate IV, demonstrating the relationship of the Contractor's commercial pricing practice to the adjusted pricing proposed or a certification that no change has occurred in the data since completion of the initial negotiation or a subsequent submission.

(3) Any other documentation requested by the Contracting Officer to support the reasonableness of the price increase.

(f) The Government reserves the right to exercise one of the following options:

(1) Accept the Contractor's price increases as requested when all conditions of (b), (c), (d), and (e) of this clause are satisfied;

(2) Negotiate more favorable prices when the total increase requested is not supported; or,

(3) Decline the price increase when the request is not supported. The Contractor may remove the item(s) from contract involved pursuant to the Cancellation Clause of this contract.

(g) Effective Date of Increases: No price increase shall be effective until the Government receives the electronic file updates pursuant to GSAR 552.243-72, Modifications (Multiple Award Schedule).

(h) All MAS contracts remain subject to contract clauses GSAR 552.238-75, "Price Reductions"; and 552.215-72, "Price Adjustment -- Failure to Provide Accurate Information." In the event the

application of an economic price adjustment results in a price less favorable to the Government than the price relationship established during negotiation between the MAS price and the price to the designated customer, the Government will maintain the price relationship to the designated customer.

**L-FSS-400 INTRODUCTION OF NEW SERVICES/PRODUCTS
(INSP) (NOV 2000)**

(a) Definition.

Introduction of New Services/Products Special Item Number (INSP/SIN) means a new or improved service or product— within the scope of the Federal Supply Schedule, but not currently available under any Federal Supply Service contract— that provides a new service, function, task, or attribute that may provide a more economical or efficient means for Federal agencies to accomplish their mission. It may significantly improve an existing service or product. It may be a service or product existing in the commercial market, but not yet introduced to the Federal Government.

(b) Offerors are encouraged to introduce new services or products via the Introduction of New Services/Products Special Item Number (INSP/SIN). A new or improved service or product can be offered at anytime. Offerors are requested to clearly identify the INSP/SIN item in the offer.

(c) The Contracting Officer will evaluate and process the INSP/SIN offer. A technical review may be performed. Offerors may be required to demonstrate that the service or product can provide a more economical or efficient means for Federal agencies to accomplish their mission. The Contracting Officer has the sole discretion to determine whether a product or service will be accepted as an INSP/SIN item. The INSP/SIN provides temporary placement until the new service or product can be formally categorized.

(d) If the Contractor has an existing Multiple Award Schedule contract, the Government may, at the sole discretion of the Contracting Officer, modify the existing contract to include the INSP/SIN item in accordance with 552.243-72, Modifications (Multiple Award Schedule).

M-FSS-329 COMMERCIAL PRICE LISTS (SEP 1995)

(a) Two copies of the offeror's current published (dated or otherwise identified) commercial descriptive catalogs and/or price lists must accompany the offer. Commercial catalogs and/or price lists shall be

those that contain "established catalog or market prices" as set forth in clause M-FSS-330, Basis for Price Negotiation. Special catalogs or price lists printed for the purpose of this offer, showing only net prices to the Government or reference to previous submissions, are not acceptable.

(b) Beside each offered item in the commercial catalog and/or price list, the offeror shall write the special item number under which the item is being offered. All other items shall be marked "excluded," lined out, and initialed by the offeror.

(c) If the terms of sale appearing in the commercial catalogs or price list on which an offer is based are in conflict with the terms of this solicitation, the latter shall govern.

(d) Items containing jewel bearings. If compliance with clause 52.208-1, Required Source for Jewel Bearings, is required and results in increases over commercial list prices, the offeror shall submit a separate list showing for each item (1) item identification, (2) number, size, and type of jewel bearings, and (3) the additional price, if any, resulting from the required purchase of Langer-made jewel bearings; such price to be added to the Contractor's list price. This additional price will be accepted by the Government if determined to be reasonable by the Contracting Officer, and this information shall be included in the cover page of the Federal Supply Schedule Price List.

Part IV - EVALUATION FACTORS FOR CONTRACT AWARD

Begin Regulation

552.212-73 EVALUATION—COMMERCIAL ITEMS (MULTIPLE AWARD SCHEDULE) (AUG 1997)

(a) The Government may make multiple awards for the supplies or services offered in response to this solicitation that meet the definition of a "commercial item" in FAR 52.202-1. Awards may be made to those responsible offerors that offer reasonable pricing, conforming to the solicitation, and will be most advantageous to the Government, taking into consideration the multiplicity and complexity of items of various manufacturers and the differences in performance required to accomplish or produce required end results, production and distribution facilities, price, compliance with delivery requirements, and other pertinent factors. By providing a selection of comparable supplies or services, ordering activities are afforded the opportunity to fulfill their requirements with the item(s) that constitute the best value and that meet their needs at the lowest overall cost.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

Part V - OFFEROR REPRESENTATIONS & CERTIFICATION

*** SECTION NOT APPLICABLE ***

IMPORTANT NOTICE: Offeror Representations and Certifications must be completed in the Online Representations and Certifications (ORCA) database and must be updated as necessary, but at least annually.
